About BITA

BITA is the world's first provider of end-to-end infrastructure for indexation and systematic investing. Our platform allows institutional clients to flexibly design, backtest, calculate and benchmark investment strategies and indexes without having to rely on traditional index solutions, multiple data vendors and complex internal tools. To learn more, please visit www.bitai.io

Legal Disclaimer:

Please note that the indices published in this document are for demonstration purposes only and cannot be traded directly as shown. BITA's services are limited to technology provision, calculation agent services, and when applicable index administration.

BITA GmbH and their licensors, research partners or data providers do not make any warranties or representations, express or implied, with respect to the timeliness, sequence, accuracy, completeness, currentness, merchantability, quality or fitness for any particular purpose of its index data and exclude any liability in connection therewith. BITA and their licensors, research partners or data providers are not providing investment advice through the publication of indices or in connection therewith. In particular, the inclusion of an asset in an index, its weighting, or the exclusion of an asset from an index, does not in any way reflect an opinion of BITA, their licensors, research partners or data providers on the merits of that company. Financial instruments based on the BITA indices are in no way sponsored, endorsed, sold or promoted by BITA or their licensors, research partners or data providers.
